

PRODUCT DATA

Date: November 2008

Code: 090323/20

CLEANER ABS (CLEANER 4)

Cleaner ABS i is a light petroleum solvent mixture.

Recommended use:

CLEANER ABS is classed as a non- aggressive cleaner for use with sensitive plastics, in particular capped ABS. Cleaner ABS (Cleaner 4) has been tested on Senoplast Senosan[®] AM50 SOLAR NEW EG and approved according to ISO 527-2/IB/50.

Product Characteristics

Colour	Clear
Form	Mobile liquid
Specific gravity	Approx. 0.7
Odour:	Hydrocarbon
Chemical Type:	Light petroleum spirit
Packaging	5 litre tin
Shelf life/storage	At least 24 months from date of manufacture when stored unopened in a dry, ventilated place within the temperature range +5°C to +30°C
Flammability:	Highly flammable
Flash Point	Less than – 18°C

Directions for use

Note: A small trial should be carried out to ensure that the surfaces will not be attacked before cleaning commences

Moisten rag or cotton wool with CLEANER ABS and wipe the contaminated surface, avoiding surface recontamination by frequently changing the rag/cotton wool. Allow residual solvent to dry before carrying out subsequent operations.

IMPORTANT

Before embarking on any work involving Evo-Stik Cleaner ABS, the separate Safety Data Sheet should be carefully studied by those carrying out the work.

Precautions in Use

For health and safety instruction, first aid measures and spillage and disposal instructions, see separate health and safety data sheet for Evo-Stik Cleaner ABS.

This Product Data Sheet covers just one of a large range of products supplied by Bostik Limited. Full information on these products and advice on application is freely available from our fully trained staff throughout the country. In addition, specialist technical advice is available from our Technical Services Department. This Product Data Sheet supersedes all previous technical information on this product, and users of it are cautioned to ensure that it is the current issue. Destroy all previous Product Data Sheets, and if any doubt, contact Bostik Limited, quoting the code number in the top right hand corner on the front of this document. This leaflet is for general guidance only and may contain inappropriate information under particular conditions of use. The company cannot accept any responsibility for loss or damage that may result from the use of this information, due to the possibility of variations of processing or working conditions and of workmanship outside our control. Users are advised to confirm the suitability of this product by their own tests.
